INTRODUCTION

Established in 2008, Aad Tech India Private Limited, has been pioneers in implementing Energy-efficient solutions in Air handling and Cleanroom technologies. With more than 700 successful projects, 16000+ fan installations and more than 6000 AHUs delivered, we have marked a reliable name in the industry. Aad Tech Environ, our global arm, is growing at a fast pace with flawless executions all around the world.

Vision: To lead the transformation towards a sustainable future by providing innovative, integrated solutions that optimize energy efficiency, reduce carbon footprint, and inspire positive change globally.

TECHNOLOGY AND ENERGY EFFICIENCY

We integrate our systems with Electronically Commutated (EC) Fans, from world's best Ziehl-Abegg, Germany and create the optimum software and controllers to maximize the energy savings of the hardware. Being early adopters, we believe in innovation and quickly adapt to latest technologies such as IoT, OTA maintenance etc. to deliver highest power savings in operations.

PRODUCTS & SOLUTIONS

We provide complete energy efficient solutions in HVAC domain and cleanroom technologies including hardware, software, controllers and IoT integrations.

Our product portfolio includes retrofit of conventional Fans, EC Fans, Air handling units, Paint booths, Axial fans, Cooling towers and Cleanroom products such as Laminar Air Flow cabinets, Air showers, Dynamic pass boxes, O-rabs, retrofit supply and installation of new Cooling towers with newest design and technology integrations.

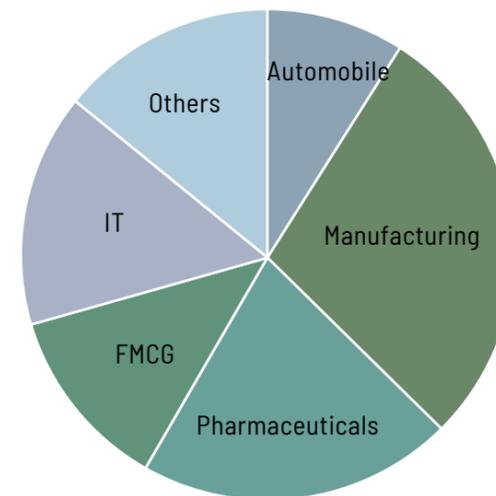

TEAM AND FACILITY

We have a state-of-art manufacturing facility at Mumbai, India and have a dedicated team of more than 100 personnel working towards the goal of reducing carbon emissions by delivering energy efficient products.

INDUSTRY APPLICATIONS

We have successfully completed more than 700 projects across various industry sectors including pharmaceuticals, IT, Banking, Automobile, FMCG and Hospitality. Below is our breakup of projects by industry:

"MORE THAN 500 MILLION KW ENERGY SAVED"

"MORE THAN 150,000 TONS OF CARBON EMISSIONS REDUCED TILL DATE, EQUIVALENT TO PLANTING 8 MILLION TREES IN A YEAR"

WHAT OUR CUSTOMERS SAY

"I recently had the pleasure of working with Aadtech on AHU work, and I was thoroughly impressed by their professionalism and expertise. Their team went above and beyond to ensure that everything was done to the highest standard, and the results were fantastic. I would highly recommend their services to anyone in need of AHU work."

- Project Manager, Cipla

Aadtech recently installed EC fans across our 23 AHU for plant air conditioning. Overall, it was a positive experience, where the team was professional, knowledgeable, and committed to quality.

- Engineering Head, Mondelez, Bahrain
