180MM*1220MM

VT 55014

180MM*1220MM

The image shows a close-up of a wood grain texture, likely for a laminate or veneer product. The grain is vertical and features a mix of light tan and medium brown tones, with prominent wavy patterns and some darker, more complex grain structures. The texture is smooth and consistent across the surface.

VT 55015
180MM*1220MM

VT 55015

180MM*1220MM

The image displays a detailed wood grain texture, likely for a laminate or veneer product. The grain is characterized by vertical, wavy lines and prominent knots, creating a natural wood appearance. The color palette is a range of greys, from light to dark, which emphasizes the texture without the use of natural wood pigments.

VT 55018
180MM*1220MM

VT 55018
180MM*1220MM

The background of the entire image is a high-resolution wood texture. It features a warm, light brown color palette with prominent vertical grain patterns. There are several large, wavy, and irregular knots scattered across the surface, adding depth and character to the texture. The lighting appears even, highlighting the natural variations in the wood's grain.

VT 55020

180MM*1220MM

VT 55020

180MM*1220MM

The image shows a close-up of a wood surface with a vertical grain pattern. The wood has a warm, medium-brown tone with subtle variations in color and texture, including some small knots and grain irregularities.

VT 55017

180MM*1220MM

VT 55017

180MM*1220MM

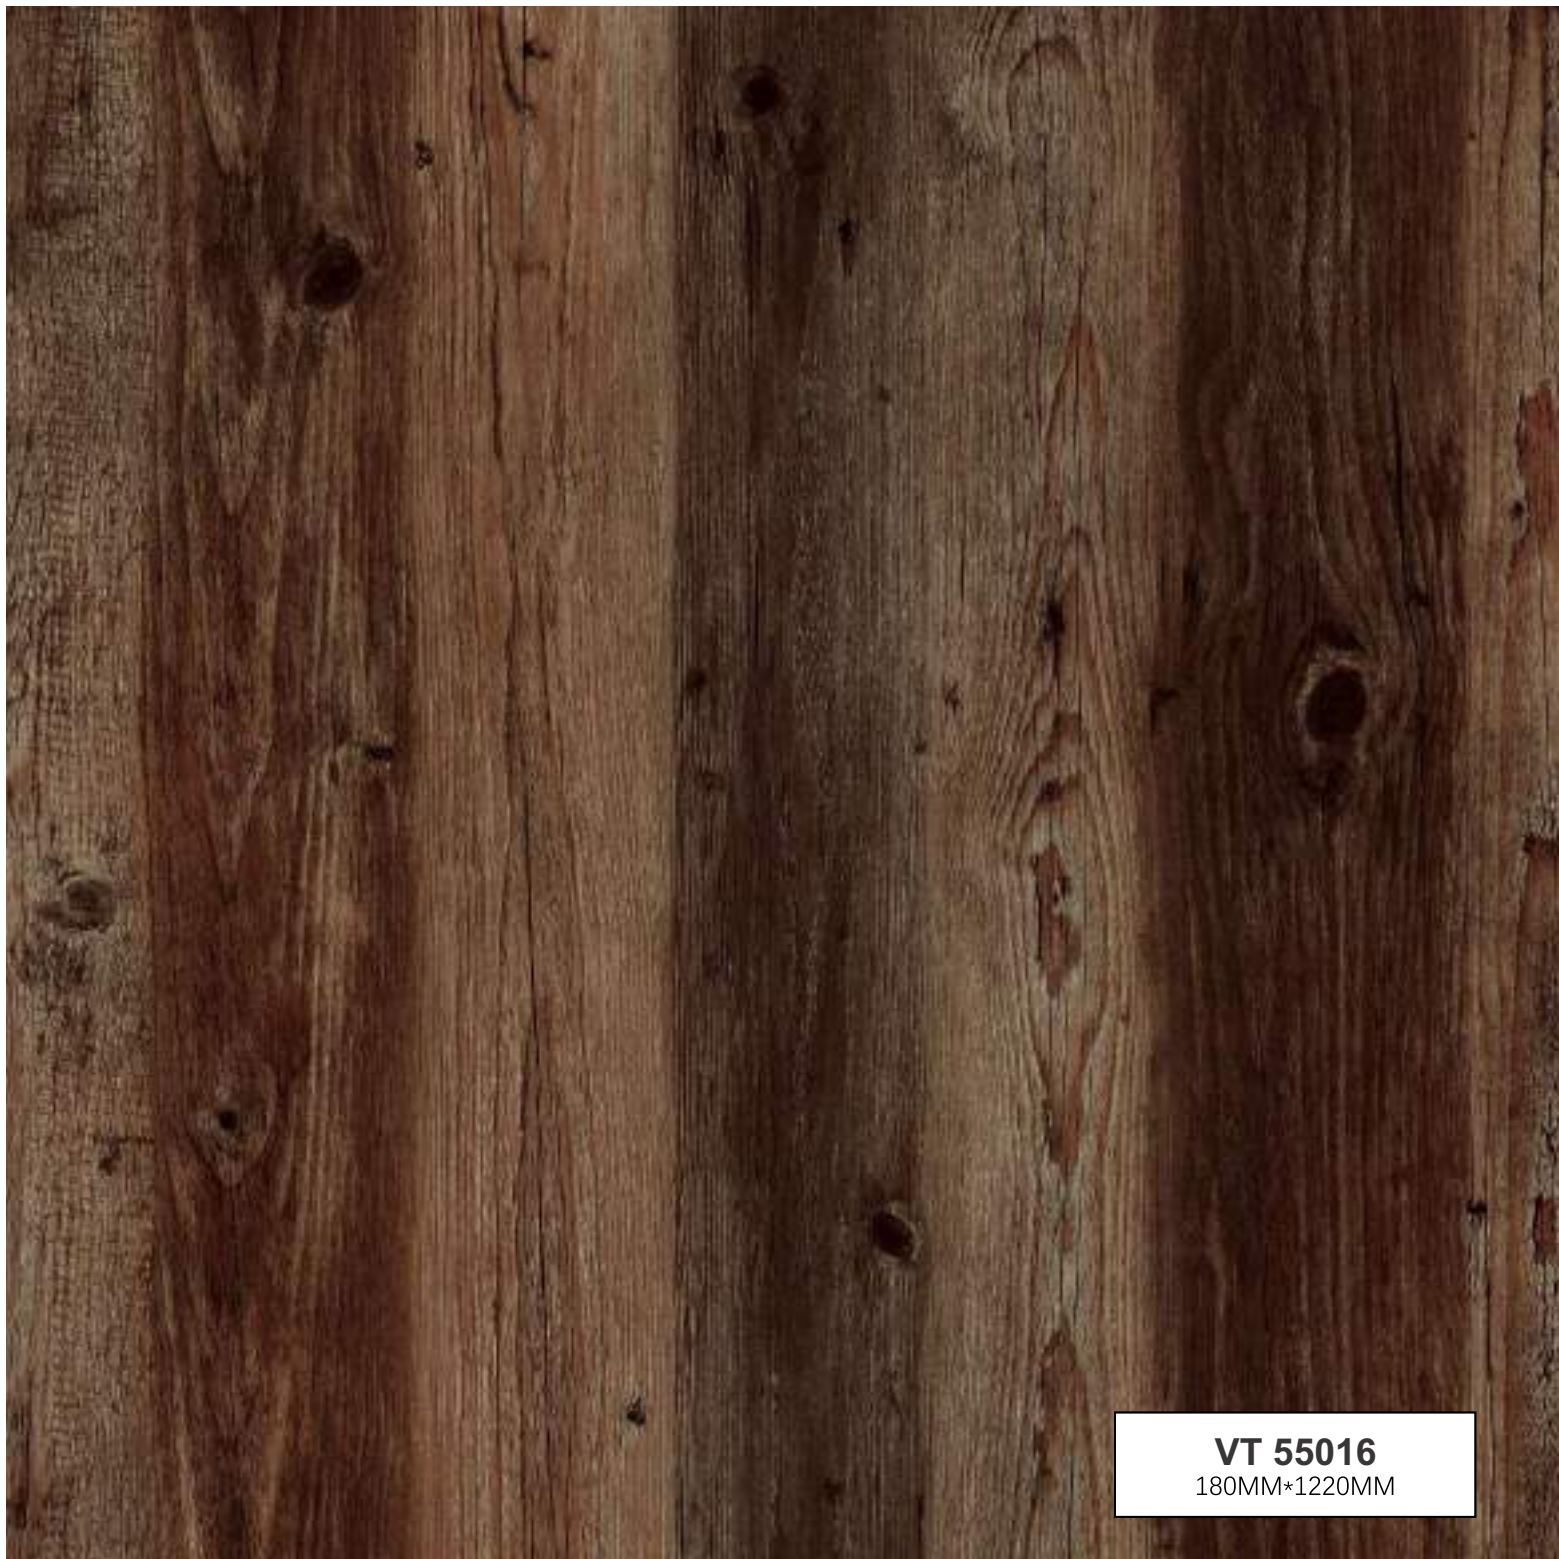

The background of the entire image is a dark, rich brown wood texture. It features vertical grain patterns with various knots and subtle variations in color, ranging from deep chocolate brown to slightly lighter, more ashy tones. The texture appears natural and organic.

ACHEIVE
YOUR GOALS

- ① UV coating
- ② High-density wear layer
- ③ Printing layer
- ④ Fiber-glass layer*
- ⑤ Backing layer

Click Vinyl Tile is an innovative form of vinyl flooring. It is becoming an increasingly popular and affordable alternative to wood or stone. The realistic look of either wood, stone or ceramic tile is extremely hard wearing and resilient to daily wear and tear. It has a scratch resistant surface and waterproof making it ideal for any area.

The product is made up of multiple thin layers so that the flooring is still flexible but very durable and easy to look after. Click system ensures fast and simple installation.
